

Satrix DIVI Fact Sheet December 2009

INVESTMENT MANDATE: The mandate of the Satrix Divi portfolio is to track as closely as possible the value of the FTSE/JSE Dividend Plus index. Satrix Divi is an index tracking fund, registered as a Collective Investment Scheme and is also listed on the JSE Securities Exchange as an Exchange Traded Fund.

The Satrix Divi provides investors with the price performance of the FTSE/JSE Dividend Plus index and pays all the dividends received from companies in the index to investors, on a quarterly basis, net of costs. The Satrix Divi Portfolio engages in scrip lending with the sole objective of reducing its costs thereby enhancing the tracking performance of the portfolio. Manufactured (taxable) dividends could arise from such transactions.

TOTAL EXPENSE RATIOS (TERs)

(as at 30 December 2009)

The Satrix DIVI securities had a Total Expense Ratio (TER) of 45.65 basis points (0,4565%) (annualised) for the period 1 January to 31 December 2009.

This ratio does not include the cost of acquiring assets. The current TER cannot be regarded as an indication of future TERs.

The Satrix DIVI portfolio engages in scrip lending activities, with the sole aim of reducing the net expenses in the portfolio. All income received from scrip lending is used to defray expenses in the portfolio. The Actual Expense Ratio (AER), including the impact of scrip lending for the above period and the cost of acquiring assets is 75.51 basis points (0,7551%) on an annualised basis.

DISCLAIMER: Satrix securities are listed on the JSE Limited and the trading of participatory interests on the Exchange will incur trading and settlement costs. The price at which a participatory interests trades on an exchange, may differ from the price at which the manager repurchases participatory interests. As with all stock exchange investments, the market price of Satrix securities will fluctuate according to market conditions, general sentiment and other factors. Collective Investment Schemes in Securities (CIS) are generally medium to long term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. CIS products are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees and charges and maximum commissions is available on request from the company/scheme. Commission and incentives may be paid and if so, would be included in the overall costs.
